

BASIC PLAN ACKNOWLEDGMENT

Please use this form if enrolling in the BP 2000-70-4000 Plan.

This information is provided to you as a courtesy. Should we not receive a signed Basic Plan Acknowledgment Form, MUST will assume you are familiar with the benefits. For questions, please contact MUST at 1-800-845-7283. **The Basic Plan has several benefit reductions from other MUST plan options.** The most significant reductions are listed below.

The Basic Plan:

- **Does not have coverage for prescription drugs.** The MUST ID card must be presented for potential discounts on prescription drugs at network pharmacies. Any charges incurred for prescription drugs do not count towards the deductible and out-of-pocket maximum and are not a covered benefit under this plan.
- **Does not cover Chiropractic/Acupuncture visits.** Charges for Chiropractic and Acupuncture services do not count towards the deductible and out-of-pocket maximum and are not a covered benefit under this plan.
- **Has limited organ and bone marrow transplant benefits.** The first \$25,000 of a transplant is paid at 70%; subsequent claims related to the transplant are paid at 10% and are not subject to the out-of-pocket maximum.

I have read and understand the Basic Plan Acknowledgment. Once elected, the Basic Plan cannot be changed except during the annual Open Enrollment Period or a qualifying Special Enrollment event.
