

# Vision Plan

Vision Benefits are available only to those Participants and their eligible Dependents whose Participant Group has opted for this coverage and who have individually completed an enrollment form requesting coverage and the premium has been paid. **Note:** Employee enrollment is required to enroll any dependents in the Vision Plan. All general plan provisions apply to this Plan.

**IMPORTANT NOTE:** If a Participant elects vision coverage, but drops it at the end of the year, there is a two (2) year waiting period before the coverage can be reinstated. Participants may not drop the Vision Plan coverage mid-year unless they are also dropping medical coverage.

For July renewals the Benefit Period begins on July 1 and ends on June 30 of each year. For September renewals the Benefit Period begins on September 1 and ends on August 31 of each year.

## Payment Provisions

Benefits are payable under the Plan up to the maximums stated in the Vision Benefit Summary for those covered Participants who have enrolled in the Vision Benefit Plan.

# Vision Plan Benefits

---

## Vision Benefits

The reasonable and customary fees, as set forth in the Schedule of Vision Benefits, for the following services and supplies will be considered eligible when they are necessarily incurred upon recommendation of a physician, ophthalmologist or optometrist.

## Eye Exams

The eye exam includes the necessary tests to evaluate and monitor visual wellness.

## Hardware

### Spectacle Lenses

Prescription lenses to fit your needs (single vision, bifocals, etc.) are covered under the Plan at the benefit maximums noted in the Vision Benefit Summary.

### Medically Necessary Contact Lenses

When deemed necessary by the Physician, the expenses incurred for the evaluation, fitting and materials for the dispensing of contact lenses will be provided, in lieu of frames and lenses, but not more frequently than once per Benefit Period. Contact Lenses are necessary for any of the following conditions:

- Following cataract surgery
- To correct extreme visual acuity problems that cannot be corrected with glass lenses
- Certain conditions of Anisometropia, **or**
- Keratoconus

### Elective Contact Lenses

Coverage is provided for elective contact lenses which are worn instead of glasses as a personal choice, versus a medical condition which requires them (as discussed above in *Medically Necessary Contact Lenses*).

### Frames

Frames (for prescription lenses) are covered if needed up to the benefit maximums noted in the Vision Benefit Summary.

### Extras

Scratch-resistant coating is allowed up to the applicable hardware allowance for the particular lenses you plan to purchase.

# Vision Plan Exclusions and Limitations

---

The General Plan Exclusions and Limitations of the Plan apply to Vision Benefits in addition to the following Vision Benefit Exclusions:
