

NOTICE REGARDING WELLNESS PROGRAM

Montana Unified School Trust's (MUST) Healthy Futures is a voluntary wellness program available to employees and spouses of Participant Groups. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you will be asked to complete a Total Health Management Assessment form or THM. This form which is partially completed by your provider, includes a series of biometric health screening measures as well as a blood test for cholesterol levels. You are not required to complete the THM or to participate in the blood test or other medical examinations.

However, employees who do choose to participate in the wellness program are required to complete, sign and submit a THM form before the required deadline to receive a \$100 credit off your MUST medical plan deductible in the next benefit year. Although you are not required to complete the THM form or participate in the biometric screening, only employees who do so will receive the \$100 deductible credit.

The information from your THM form and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as education and availability of resources online through the website. You are also encouraged to share your results or concerns with your doctor.
