

HEALTH CENTERS

MUST IS PROUD TO OFFER all members the opportunity to access State of Montana Employee Health Centers, operated by CareHere. The centers are a great value for members, helping reduce out-of-pocket costs and offering members in eligible areas access to patient-oriented medical care without some of the hassles and inconveniences that can make going to the doctor seem like more trouble than it's worth.

UNIQUE MODEL

CareHere's goal is to remove the barriers that keep people from seeking medical care. Patients book appointments in 20-minute increments, and the Centers' wait time is less than four minutes. Patients are never double-booked and their health needs receive the kind of attention MUST members deserve.
