Pharmacy Tools on MyPrime

For logged-in BAM Members:

- Single user sign-in from BAM
- Specific to the benefit
- Includes family's prescription history
- Synced w/ PrimeMail (refills & order status)
- Medicine search

Non-members:

- Find medicines
- Estimate HDHP drug costs
- Find pharmacies
- Plan documents

Pharmacy Transparency

Pharmacy Cost Estimator

- View prescription cost estimates for pharmacies in **your** search area
- See **out-of-pocket cost** for the prescription based on plan design, drug list status and current personal spending balances
- Search medication descriptions, side effects and generic alternatives

Savings Alerts identify opportunities:

- Moving to a **lower-cost pharmacy**
- Changing to a **generic drug**
- Consolidating all prescriptions to **one pharmacy**

Using Myprime: Performance Drug List

- Go to myprime.com & click on 'Continue without sign in'
- Select 'BCBS Montana' as your health plan.
- Select 'No' when it asks if you are a Med Part D member.
- Click on 'Medicines' & then 'Find Medicine'
- Select the drug list, which is 'Performance Drug List' -> click 'continue'
- Now you can determine:
 - Estimated drug costs for a HDHP
 - Search the drug list
