

MUST Trustees

Appointed representatives from MSSF's three sponsor organizations (MFPE, SAM, and MTSBA) serve as trustees for the Montana Unified School Trust (MUST). These trustees provide policy direction for the health benefits plan offered by MUST. The Board is required to make plan amendments and authorize the contractual relationships with the providers of the program's specialized needs such as underwriting, actuarial, legal, and claims services. It generally comprises eleven members: three voting members from each of the three sponsoring organizations and two non-voting members who offer additional expertise.
