MUSTBENEFITS.ORG

DEAR MEMBER -

You have chosen to enroll in the Basic Plan 2000-70-4000 through MUST. The information in this letter is provided to you to ensure that you understand that this Plan has several benefit reductions from other MUST plan options. The most significant reductions are listed below.

PRESCRIPTION DRUGS – DISCOUNT PLAN ONLY

This plan has limited coverage for prescription drugs. Members on the Basic Plan can use their MUST ID card for certain pharmacy discounts. The card must be provided at the point of service. ACA Preventive prescriptions are covered at 100%. Any charges incurred for prescription drugs do not count toward the deductible and out-of-pocket maximum and are not a covered benefit under this plan.

RX Help Center is available to our members to help reduce or eliminate the costs of higher cost medications. Prescriptions obtained through this service can often be FREE for you and your family. There is no cost to you or your dependents to register for assistance. Registration link is <http://rxc82900-sy-must.rxhelpcenters.com>.

CHIROPRACTIC / ACUPUNCTURE VISITS

Charges for Chiropractic and Acupuncture services do not count towards the deductible and out-of-pocket maximum and are not a covered benefit under this plan.

TRANSPLANT BENEFITS

This plan has limited organ and bone marrow transplant benefits. The first \$25,000 of a transplant is paid at 70% with subsequent claims related to the transplant paid at 90% and are not subject to the out-of-pocket maximum.

The plan cannot be changed except during the Annual Open Enrollment Period or a Qualifying Special Event. Please feel free to contact us at 1-800-845-7283 or contact@ms-sf.org with any benefit questions.
